### Parent Partnership

Here at Manor we are lucky to have incredibly supportive parents and carers who are always keen to make whatever contribution they are able to, towards the life of our school. We have parents who give time each week to hear readers, parents who offer their skills and time to improve the grounds, to support Forest school or help on visits. We have a fabulous and very active PTA where parents and friends of Manor Primary get involved in organising events and fund raising activities. Our Parents Forum has been active in giving positive ideas and feedback that have seen improvements in the way we do things at Manor. Parents support the teachers in terms of behaviour and homework, they ensure we have excellent attendance and get the children to school punctually and dressed smartly, ready to learn. We have a diverse community in terms of the time and skills people have to offer but we value any support that comes our way and will use it for the benefit of all of the children at Manor. If you feel you may have some time or skills to offer and you would like to get involved more then please do pop in and have a chat with any member of staff and we will see how best we can use you. Thank you all for your continued backing for your children and the school as a whole.
