Earrings

We have had several children who have recently had their ears pierced. This is of course entirely up to the parents and children are allowed to wear small stud earrings in school. The issue comes when it is time for PE. The school policy is that children **don't wear earrings for PE**. If a child is able to take their own earrings out that is fine but often they are not able to take them out for six weeks after they are first pierced. This is fine if they are done at the start of the six week holiday. If a child is unable to remove their own earrings then it may be possible to send them on PE days without them. Staff are not able to assist with taking earrings in or out. Covering them with plasters is not an option as we find the plasters often fall off and there are issues with allergies. If you have any questions then please do ask. If there are any new piercings planned then please wait for the first day of the summer holidays!

Letter returns

Poor Mrs Everett is getting snowed under with parents returning their child's letters to the front office. At the beginning of the day many people need to ask a quick question before rushing off to work so the office is very busy. If possible, please can children (or adults for the youngest children) hand return slips in to their class teacher at the beginning of the day to relieve a little of the pressure at the front of school.

Village Club Car Park

I have had a report again of people not parking neatly in the club car park meaning that there is space wasted and some later arrivals not then being able to find space. I will have to be out there with my ruler again to measure the spaces if you're not careful! Please remember to park considerately... also please don't drop off and pick up on the yellow lines outside school. That area must be kept clear to allow safe crossing and visibility near the school gate.

Oh dear, it sounds like lots of moaning on this side! You're all brilliant really! Thank you for all of your support as ever.
