Sewer Savvy with Severn Trent

The children had a fascinating assembly on Monday presented by Severn Trent Water. They looked at the journey of water from rain to reservoir to houses to sewage treatment to sea. They learnt some key messages such as 3 three 'P's that can go down the toilet (paper being one... I'll leave the other two to your imagination!). Not wet wipes, cotton buds, nappies, paper towels etc. They also learnt about not wasting water so if they have been telling you to turn the tap off while cleaning teeth they have been listening well. If you want to follow this up at home there are further activities, advice and information on their website at www.stwater.co.uk/savewater

PE Kit and Uniform

Thank you for supporting our uniform policy so well. Our children always look very smart. Please can we remind you to name everything that comes to school e.g. writing inside wellies for forest school or on labels for all clothes. These have often washed out by this time of year so please have a check and refresh any lost or faded labels so any lost items can be returned to you.

We also have significant number of children who forget their PE kit, especially when it is on a different day to usual. Can we ask that kit is left in school in a suitable bag on their peg and only taken home at the end of term? If they get dirty we will ask children to take them home but this is unlikely to be needed. This way they always have their kit available. Many classes at this time of year are doing gymnastics in the warm dry hall so black shorts and white or red t-shirt are needed as well as warm joggers and sports top for any outdoor PE. Thank you.
