Summer Challenges

As the summer approaches we are looking to promote a couple of initiatives to challenge the children over the summer. Today we are sending home '10 minute shake up' posters aimed to get the children active by doing Disney themed games and activities each day through the summer to help keep them active and healthy.

In a couple of weeks' time we have the local Library Service coming into school to encourage children to take part in the summer reading challenge. Look out for information being sent home about these initiatives.

Cross Country

Thank you to Miss Whiffin who has put together a newsletter about the recent county finals our Year 4 boys were involved in. This should also be emailed to you today.

Sports Day

Fingers crossed that the weather improves for our Sports Day next Wednesday 6th at 9.30-11am. As far as possible children should wear the colours of their house team but please don't worry if this is difficult. Normal PE kit would also be fine. Spectators are welcome to join us for what will mostly be traditional style races with some fun races mixed in. Each house team has an Olympic or Paralympic Value assigned for the day. They are 'Friendship' for Dudley (red), 'Respect' for Peel (green), 'Courage' for Bassett (blue) and 'Equality' for Bryan (yellow). On Monday afternoon children will be working in their house teams to decorate an Olympic Ring with their colours. If you have any spare fabric or paper in those colours that you could contribute we would be very grateful.

Parent Survey

We always welcome feedback from parents and like to hear what has worked well for you and what areas we can improve on. With our drive to reduce our paper usage we are moving to an online survey this year. If you have about 15-20 minutes to spare we would appreciate it if you could click on the following link and complete our survey: [Manor Parent Survey 2016](#)
