

MANOR PRIMARY SCHOOL

Summer Term Newsletter

Nursery Places Available

We still have a couple of places left for the mornings and some for the afternoons so if you know of anyone who wants a Nursery place do send them our way.

A Snake in the Grass!

Last week after school what was thought to be a beautiful grass snake was spotted by Ruby Lou and her Dad on the lawn next to our school gates. Thanks to Ruby's mum for the following snippet: Snakes are generally shy creatures who will only bite if cornered, provoked or trodden on, so if people keep their distance and respect and marvel at this beautiful creature all will be well!

So, keep your eyes open and you might catch a glimpse, but please keep children back, mainly for the snake's safety!

Bracelets for Cancer Research

A small group of Owls and Swans children asked if they could sell loom band bracelets and pictures they have drawn for 50p each at break time next week from Tuesday to Friday. Any money they raise is to go to Cancer Research.

Lost Property

With the warm weather, the first thing children do at school is discard their jumpers and cardigans then forget about them. Over the term we have built up a mountain of clothes that we will be displaying on the playground next Tuesday before we eventually recycle it. Please have a look at what we have to see if you recognise any belongings. Also, please re-check labels in all clothes that may have washed out so any further lost clothing can be re-homed efficiently. Thank you.

Dog, Duck and Cat

No, not the name of a pub! This is a new Safety site set up by the DDC Foundation. It is aimed at families with children aged 0-9 years and has lots of stories with engaging characters that address many safety issues. They are great for starting a conversation about issues around the home or out and about.

Check it out on the following link:
