Summer Term
Issue 4

08.06.18

For once a positive story about social media! Mrs Armstrong has been working on harnessing the power of Facebook to improve our communication with parents and we are now ready to launch a Manor Primary School Facebook page that will let followers know about some of the great things we get up to at Manor. You should have received a letter with a little more information and permissions for children to have their photographs and work published on the site. Without parental permission children will not appear on the site. To find the page you will need to search in Facebook for Manor Primary School then scroll down until you see our school logo (who knew there were so many Manor Primaries!). If you then 'follow' or 'like' the page you should receive notifications when we post new items. This should allow people interested in our school to keep up-to-date with what we are doing and our latest news. We take e-safety very seriously at Manor. This site is for adults to access through their own Facebook accounts. As the recommended age for Facebook is 13 years old there should be no children from our school viewing, liking or commenting on this site other than with an adult who is supervising the use of their own account. We hope you enjoy following us and when your children say they "did nothing at school today" you might know different!
